## Collaborate anywhere and anytime

The flexibility to set your own schedule and have attendees participate in real-time with shared notes and whiteboard features.

## Dial-In Access to meetings

Persons without an internet connection may still participate by dialing a local 876 phone number to attend classes via audio only.

## A pivotal shift in distance learning for Jamaica

Education delivery methods have changed dramatically for Jamaica, with the distinctive rise of e-learning, whereby teaching is undertaken remotely and on digital platforms has driven the need for the establishment of a local Virtual Classroom platform.

Research suggests that online learning has been shown to increase retention of information, and take less time, meaning the changes coronavirus have caused might be here to stay.

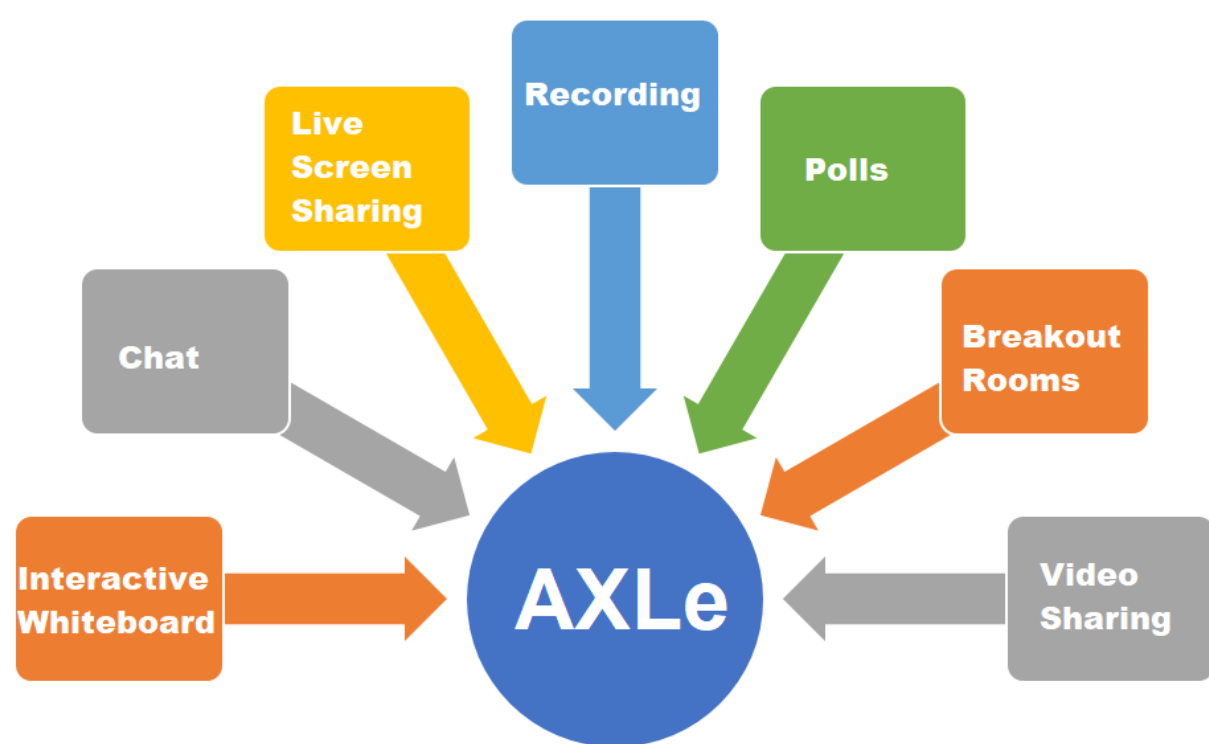

## Flexible access to recordings

Access on demand recordings at your own pace enhancing the student learning experience.

## Teach & Learn Anywhere.

Access classes on a computer, tablet, or smartphone from any location. With AXLe Virtual Classrooms, teachers can conduct lessons online for students anywhere in the world.

## Integration

AXLe Virtual Classroom platform integrates seamlessly with the Learning Management Systems (LMS) instructors use most enabling effortless access to quality e-learning resources.
